

Channing Place.

Saturday 2 o'clock.

Dear Deborah, I suppose you received a letter from me by mail from Concord. The after noon after I wrote I called on Mrs. Alcott. Mr. C. had gone to Providence wool gathering and by what I gathered from her, he fell exceedingly ill my eyes. Friday Sunday ladies called, Miss Glour & others; no, I beg their pardons, I meant I returned their calls. I also called on Mrs. Gerrish a leading Abolitionist & on Dr. Ripley, the old minister about 90 yrs old. He tipped me very affectionately when I come away. This morning I left C. in the stage I had as com forsook a time as I ever can have in the stage - I have really had very good visits at Mrs. Brooks and they appeared to like me. Indeed, I made myself very agreeable. I found Caroline just breaking open my letter from Warren. I was glad to find all pretty well, for I have been getting up all manner of cogitations. Mrs Chapman is looking very delicate but is on the advance. They have been trying here some what to get up a worry at Henry's non appearance but I do not mention it. I shall come home as soon as the Non Resistance meeting is over, so you & Emma can be ready to go as soon as I come. Mary Ross has called this morning, just from Nahant and is very anxious to have Henry & Maria come & pass a day or rather make a visit. Send in Mary's name the first chance. I suppose Maria will be in to the N. R. meeting - If there be a spare clean collar

in the house, you can send it in by her, but I can
do without one tho' my children are surely tame.
My other things I had done up in ~~Costa Rica~~. I enclose
Lizzie's letter. Write home to see, especially to
Wendy & May. Yrs ever A. W. W.
